The screenshot displays the Galaxy web interface. The main content area shows a hierarchical tree of Galaxy instances. The tree starts with 'Galaxy' (Europe) at the top, which branches into 'Galaxy' (Australia), 'Galaxy' (Europe), and 'Galaxy' (Asia). Each of these branches further into 'Galaxy' (Europe) and 'Galaxy' (Asia). The text 'Galaxy has no borders' is overlaid on the tree. The right sidebar shows a list of 165 all batches, with details for a batch named 'Batch 1 and Batch 2 with controls'.
